Dear Parents/ Carers

School photographs – Secondary

I have organised for the school photographer to attend school on **Friday 30th April 2021**. All children who attend school on these days will have their photograph taken and a 'passport' size proof will come home to you in a few weeks' time. You will then be able to decide if you wish to purchase your child's photograph.

Some parents may wish to express a preference about their child's photograph e.g. for their child to wear their glasses. Please write details below and staff will try to support your request.

Due to our current COVID risk assessment, there will be thorough cleaning of all touch points and surfaces in between class bubbles having their photographs taken. Staff supporting the running of the day and the photographer will wear face masks and remain 2m away from class bubbles at all times in order to keep everyone safe. Sadly, this year we will not be able to provide photos with pre-school siblings for pupils due to COVID but we look forward to offering this again next academic year.

Enjoy your Easter break.

Yours sincerely

Heather Martin
Assistant Headteacher

Photographer Secondary – Friday 30th April 2021
